**ABOUT ME** As a developer I enjoy utilizing my artistic talent to create attractive interfaces with fluid designs. Eager to encounter new methods for solving complex problems and expand knowledge on multiple programming languages. Motivated learner who understands the need for evolving technical skills to sustain various business practices.

### EDUCATION

Codeup Oct 2018

Fully-immersive, project-based, and intensive 18 week full stack Java career accelerator that provides students with 600+ hours of expert instruction in software development.

Incarnate Word May 2018

Bachelor of Science: Computer Information Systems

### CLEARANCE

Secret Security Clearance

### TECHNICAL SKILLS

Java | Spring | PHP | JavaScript |  
jQuery | AJAX | HTML | CSS | MySQL

Exposure to: Python | React | Linux

### DEVELOPMENT PROJECTS

Code Runner September 2018

Capstone team built a game with Create JS and Java where players jump over obstacles and gain points by collecting coins.

Responsibilities - Implement Spring Authorization for user login and registration. Front end styling, page layout, character and graphic design.

My-Blog September 2018

Implemented Java, Spring, and Maven so users can make an account, login, and post blogs. Used JPA annotations to build the MySQL database, and form model binding that creates a post object to display.

Contact Manager October 2018

With Console IO, asked users to make a new contact, view all, search, or delete an entry. Contacts were written and read from a text file.

### MILITARY EXPERIENCE

Marine Corps Sep 2010 - July 2015

*Maintenance Supervisor*

Supervised 6 employees and trained over 30 staff members from classroom to field environments on operating radio, computer, and vehicle communication equipment. Responsible for over 600 service requests and provided exemplary customer service to over 350 personnel by repairing, maintaining, and installing telecommunications.

### PROFESSIONAL EXPERIENCE

Military Athletics - Non Profit

Oct 2017 - Present

*WordPress Administrator*

Created a Woo-commerce store, maintain company site, update online payment or donation methods, upload or edit media, and manage email accounts with G Suite.

UIW Help Desk

May 2017 - Nov 2017

*Tier II technician*

Completed trouble tickets by trouble shooting classrooms or personal computers. Completed new installations by backing up and transferring data, then delivering and setting up new Windows or Mac systems. Also installed access points, printers, and set up labs or computer desks for new faculty.
